

SUNDAY
GUESTSAUTOMOBILE PARTY HAD VARI-
ED EXPERIENCE ON RE-
TURN TRIP.

Left Ottumwa at 10:45 Monday morning and before reaching Centerville encountered great rain storm—Journey afforded opportunity to meet former Jacksonville citizens—Interview with "Billy" Sunday converts at Centerville.

(By Bancroft.)
Monday at Ottumwa.

Centerville, Iowa, Nov. 23.—(Special.)—Sunday night it rained hard at Ottumwa and although Mr. Sunday insisted that we remain and take dinner with him at the Haw residence at noon Mr. Farrell thought we ought to get an early start and we had to forego this pleasure much to our regret.

We slept until 8 o'clock Monday and after breakfast Mr. Sunday and entire party joined us at the hotel and a hurried call was made at the banks and at the Ottumwa Courier office. The bank officials were all exceptionally pleasant letters from Jacksonville bankers they looked the Jacksonville crowd over with interest. Mr. Farrell exchanged greetings with several who had received letters from his bank.

Leaving Ottumwa.
Mr. Sunday had a meeting at the packing house at 11 o'clock and at 10:45 a. m. we pulled away from the Ballingall hotel, leaving behind as large a crowd as we did when the start was made from Jacksonville. Inn Designer Luttrell, with the assistance of Frank Byrns had replenished the lunch box and with the commissary well stocked we headed for Centerville, with Corydon, Iowa, the home of W. L. Alexander, as our immediate destination.

Call From Corydon.
"Billy" Alexander had read of our trip in the Journal and called Mr. Farrell by long distance telephone before we were up Monday morning. He insisted that we visit Corydon enroute home. Felix was dubious as the road from Ottumwa is one of the hilliest in the state. It was finally decided to make the trip and as we pulled away from Ottumwa the roads improved and it was not long until we found that the rain had just been heavy enough to settle the dust. We headed for Eddyville and on the way met a gentleman in a Rambler car, by the name of W. T. Archer. He said he was well acquainted with Dr. W. O. Walt of Jacksonville and he gave us some valuable information. We reached Eddyville, a distance of 15 miles in 45 minutes. Mr. Farrell called upon Mr. Epperson, the banker, who proved to be a friend of Alex. Platt and we also learned that Eddyville was the home of the late Mrs. Platt.

Clouds Began to Gather.
We were climbing along in easy fashion when the clouds began to thicken and we could see rain ahead. Soon we were in a rain storm. We had passed through Alvia and were leaving Moravia at 1:30, having traveled 40 miles, the going time being just two hours and twenty-five minutes. It was fourteen miles to Centerville and the rain was pouring down, the road as far as we could see was just a succession of hills and valleys. The hills, without the least exaggeration are full brothers to those of Indian creek north of Jacksonville. Soon the water was pouring down the ditches like raging brooklets. When we struck a rut the auto would slip and slide crossways, but we managed to keep right side up.

Ocean Pilot System.
After striking Fort Madison Mr. Farrell changed the orders and adopted the pilot system common to ocean greyhounds. Huffaker was allowed to pilot out in the open sea, on in the country, but Green Luttrell was made harbor pilot and took charge as we entered and departed from towns. With a storm at sea and the channel untried both of these pilots surrendered and Mr. Farrell occupied the seat beside Ollie Mack, who was being showered with compliments for the manner in which he made the car respond to every demand put upon her and for the sureness with which the top of every hill was reached. Ahead of us was the steepest hill yet and just in front of us were two farm wagons attached to which were two fine teams.

Beat Wagons to Hill.
We managed to beat the wagons to the foot of the hill and as they were pulled to one side to let us pass, for which kindness the drivers received the combined thanks of the entire party. Huffaker remarked, "Now if we stick there

will be some one to pull us out." But we didn't stick. We climbed steeply as we had been doing. A sign post read "Four miles to Centerville," and a regular cloud-burst was upon us. Ollie Mack had not taken time to put on his coat so cold was the weather when we started and Luttrell, who sat behind him, had his hands full to keep the elements from drowning our chauffeur.

Sign Boards in Iowa.
The sign boards "Two miles to Centerville," and right here I want to stop long enough to pay a compliment to the Iowa public spirit that has placed these sign boards along the highway for the help of the wayfarers. Two more hills and it looked as though we would strike a level road to Centerville. Before we had a steep incline and just as we reached the bottom it was necessary to turn into a side road.

Everybody Got Nervous.
Here is where everybody got nervous. The chain grips on the back tires had been of untold value and protection, but no one could tell what would happen when we attempted to turn in the side of the hill. Ollie Mack and the others just clinging to the seats. It was a moment when every one was thinking with great violence, but not saying a word. I was in the back seat and with me were Black and Byrns. Huffaker and Luttrell had the middle seats opposite the door. I was ready to take my chances in the mud and said so. Black was figuring how he could slide over the hill and Byrns looked as stern as the Sphinx of Egypt. He found his tongue long enough to remark that the auto riding through mud was an improvement over the hiking trips he used to take with J. Bart Johnson.

Made Turn in Safety.
We made the turn in safety and ever nobody drew a long breath. Pretty soon we noticed that Huffaker and Luttrell had not moved for some time and it was not until Felix turned around and loosened their grip on the door catch that they had the use of their hands again.

Speech by Huffaker.
The oration pronounced by Frank Huffaker on the merits of the Fairfield car was equal to any speech ever made over a fat steer or a fine bunch of cattle or a good ball game. His split sill steer story was distanced a country hick.

We reached Centerville, a town of 8,000, at 2:45, where we were waterlogged. We have given our regards to the under over under and up here under the rain stops and the roads dry a bit. The roads have been worked in every direction except toward Corydon and it is probable we will continue to that place from which town we can strike a ridge road to Kirksville.

"Billy" Sunday was here five years ago last week. He had 800 converts in four weeks' time. In May before he came there had been circulated a petition for saloons. After the meeting was over names were taken and the petition that the proposition never came to a vote. Among the converts were the sheriff of this Oppanose county, the captain of the police and a bunch of his men who came to front in a body, two of the leading merchants of the town and scores of others. One of the most noted converts was a man named Johnson, a Swede. He was a booze fighter and was almost down and out. He was converted, re-established his little business and is now doing well.

Visited Sunday Convert.
When the Jacksonville bunch heard of this we all went to call on Johnson and heard the story of his conversion. He said he was a broken English. He said: "Yes, I am a Billy Sunday man. I was an awful booze fighter once, but by the help of God I have not touched a drop of booze since. I would not touch drop for \$1,000. Of course not all the Sunday people here stayed converted, but I tell you, gentlemen, Sunday can only start them. He is an awful old starter." Mr. Johnson is a man passed 60 years of age. Tears filled his eyes as he told us the story and by the clasp of our hands which he appreciated our call and he thanked us again and again for visiting his little work shop.

The Town Marshal.
The town marshal here is John Quigley, brother of Patrick Quigley of Jacksonville. Centerville is "dry" and the town has a law and order league. What makes the law on tight. They have a car line and the square is like the one at home, only larger. I forgot to say that at Ottumwa we had a pleasant visit from Mr. Green Luttrell, who was formerly head of the suit department at Phelps & Osborne's, and just before leaving met Hartley Baldwin, formerly of Jacksonville.

Tuesday Morning.
Centerville, Iowa, Nov. 24.—This morning when we arose it was still raining and we found that the downpour had continued all night. The sky was filled with clouds and the prospect was anything but pleasing. Mr. Farrell called upon Mr. Alexander at Corydon and asked as to the rain. The report came back that everything was wet in that locality. We then wired to Keokuk and asked for weather advices from that direction and the answer came back: "Heavy Rain." I began to figure on how much longer I could act as a correspondent in the field and still hold my job with the Journal. I decided that "discretion was the better part of valor," and made arrangements to my sincere regret to leave with the train and come home by rail. The train left at 9:50 for Keokuk and just as I was leaving the hotel

STATEMENT BY
SPEAKER CANNONSAYS THERE IS NO PRESENT
NEED OF "FRETTING."Congressmen Competent to Select
Speaker of Next House and Trans-
act Legislation Desired by the
People.

Washington, Nov. 24.—Declaring that there would be an honest revision on the war tariff and that there is no present need of "fretting" about the selection of a speaker for the house in the sixty-first congress, Speaker Cannon arrived here from his home in Indiana late today to the opening session of congress. In a statement issued this afternoon Cannon said:

"The election of a speaker for the sixty-first congress is yet a matter of considerable distance in the future. When that congress is about to assemble—which I presume will be some time in March—the Republican members in the house will hold a caucus and has been the custom from the foundation of the party, and select a candidate for speaker, to be supported by the party at the organization of the house. I presume the representatives will be perfectly competent to select their speaker and I do not see any present need of fretting about the matter."

"Of course there will be a revision of the tariff. We made the campaign on that issue, and every Republican member was elected with that in view. Every one of these Republicans, without exception, will believe, strive to the best of intelligence and ability to attain a tariff decided by the people who elected them. All will not have the same views and each one cannot have his own way altogether. There must be mutual concession and compromise, out of which will come a result which is the most reasonable and the least objectionable to all. That is according to civilized and enlightened government. It is the barbarian who expects to have everything his own way without regard to his neighbor. Whoever is elected speaker of the next house must so perform his functions as to assist the house in arriving at results which will best represent the views of the responsible party in the issue, striving to carry out the will of the people who elected him."

"I have thirty years' experience in the house, some time under one party control, some time under another political party go without saying what I thought to be the sentiment of the people. Mistakes have sometimes been made, as in the case of the Wilson bill enacted by the Democratic congress in 1890, which would not, in my opinion, have happened had the Republicans had more time to explain that bill on the stump."

"The Republicans made no mistake when they enacted the Dingley law as long as the life—as lives of tariff laws go—of that law shows. I believe they will make no mistake in the law which they will enact next summer with the concurrence of the senate and president."

"There is one thing which you may be sure the Republicans will do for the people, and that is to perform what the people want, for they must go before the people in 1910 and account for their acts. A senator accounts for himself once in four years, the president once in four years, but representatives account once in two years. The speaker of the house has a double accounting, to his constituents and to his associates in the house who elect him. No representative, and especially no speaker, will fail to do everything within his power to carry out the will of the people as expressed by the majority of the people."

"This is why I believe we shall get the sort of tariff revision which we need for the future. I do not pretend to prophesy or dictate. It is, and should be, beyond any man's power to dictate to the house of representatives. I mean to follow the lead of experience and teachings of what I believe to be reason and common sense."

HAITIEN REVOLUTION.

War Against Present Government Is
Spreading.

Port Au Prince, Haiti, Nov. 24.—The revolutionary movement against President Nord Alexis is spreading. The towns of Aquin and Jeremie have both declared war against the government. The gun boat Croyant, which has fallen into the hands of the rebels, was captured by the gun boat Centenaire of Jeremie and shots were exchanged. General Lecomte, minister of the interior, who went out to the head of the government forces against the rebels, has been taken prisoner. A rumor is current here he has been executed.

NO TREATY SIGNED.

Washington, Nov. 24.—Secretary Root declined to sign a treaty that had been signed by the United States and Japan regarding the protection of the principle of Chinese independence and regulation of immigration between the two countries as stated by the Hwaii Shingo, and he added that no such treaty was in contemplation.

ENDS LIFE IN MASONIC HOME.

Sullivan, Ill., Nov. 24.—Wrapped tightly in a blanket in her room at the Masonic home here, Mrs. Harriet Ciozior was found enveloped in flames. She died a few hours after attendants rescued her. It is thought she applied a match to the blankets. She was the wife of the home organist and a native of Reunda, Ill.

Eighty-two Converts Joined the Meet-
ings Tuesday Evening.

Ottumwa, Ia., Nov. 24.—(Special.)—Mr. Sunday held a meeting to day at the Box Car company and in the afternoon preached in the tabernacle to 1,500 people on the subject of "Prayer."

A Fairfield delegation consisting of 400 citizens arrived in the city over the Burlington railroad at 4 o'clock on a special train. The delegation was headed by a brass band and platform seats were given to them. They gave a fine concert previous to the evening service. The tabernacle was filled to overflowing and the sermon of the evening was upon the "New Birth."

On Thanksgiving day there will be services at 10:30 a. m. but no evening service. On Friday afternoon there will be a special service to the young people. On Thanksgiving afternoon there will be a football game between the Burlington high school and Ottumwa high school and the Sunday party will attend.

In the music last night Fischer and Butler sang a duet and Mr. Butler sang the "Sparrow Song," which is already a favorite with the people.

Wednesday the Vestry Episcopal church voted to join the united effort to save souls and among the platform ministers to night was Dr. William C. Hengen.

When the call for converts was given to night 82 came forward. The Fairfield delegation marched in a body to the residence where Mr. Sunday is stopping. They were headed by the band. Mr. Sunday gave them a warm reception.

WANTS INFORMATION

Secretary of War Asks for Statement
of Damage Done by Floods on
Panama Canal.

Washington, Nov. 24.—Secretary of War Wright to day cabled Col. Goethals, chief of the Panama Canal, asking for a statement showing the amount of damage done by the settling of certain portions of work done at Gatun where the big dam is to be constructed. The big dam is to be constructed on the Chagres river. Officials of the commission here point out that the actual work of construction of the Gatun dam is to be completed in the summer under way up to this time has been confined largely to building a retaining wall for either end of the dam. These ends are called "toes." As their name would indicate, they are made largely of rocks, which rest on original soil, no effort having been made to remove the loose earth on which the rocks rest. It was expected that the "toes" would settle more or less and the fact that they have settled caused no surprise.

Part of Dam Sunk.
The big dam sank about sixty feet, permitting the Chagres river, which was dammed at this point, to overflow the railroad track. Sunday morning one of the rails was broken through sixteen inches of water. The official record of rainfall at Colon this month up to yesterday is 28 inches, the highest record for the same period in many years.

ITALIANS MAD.

Recent Attack on Country men by
Austrians.

Rome, Nov. 24.—Italians are showing intense resentment against Austrians because of anti-Italian riots which have taken place in Vienna. Italian students in that city and a number of students have been wounded. Violent demonstrations have taken place in several leading towns and cities in Italy in the way of retaliation and at demonstrations here to day free speeches were made and an Austrian flag was burned. An attack against the Austrian embassy was prevented only by the energetic attitude of police and guard of soldiers and many arrests were made.

GOOD COLLECTION.

Chicago, Nov. 24.—About \$35,000 was collected for five charitable organizations at the first "Tag Day" to day. Scores of women, many of them social leaders, stood on street corners or visited office buildings pinning "tags" on contributors to the charities.

WILL KEEP LEGATION GUARD.

St. Petersburg, Nov. 24.—Russia has cancelled arrangements made for recalling the guard of the Russian legation at Peking and elsewhere in China. The revolutionary movement in South China is not believed to be connected with the development at Peking, but merely a revival of last year's revolt.

TRIPLE LYNCHING
IN TENNESSEETHREE NEGROES HANGED FOR
MURDERING OFFICER.

Tiptonville the Scene of Lynching—
Troops Ordered Out to Protect
Prisoners, but Arrive Too Late—
Had Been Sentenced.

Union City, Tenn., Nov. 24.—The little town of Tiptonville, bordering on Reelfoot lake, which has been the scene of many stirring incidents in the past, witnessed a lynching late this afternoon of three negroes, brothers named Schneback, who were arrested this morning for murdering Special Deputy Sheriff Burruss, and a third brother John Wall, a deputy sheriff.

These brothers created a disturbance at a religious meeting near Tiptonville Saturday night and when the two officers attempted to arrest them a fight ensued, in which the negroes came out victorious and escaped. A posse of citizens went in pursuit and this morning surrounded and captured the negroes in a swamp near Ripley and landed them in jail.

A mob formed and was finally induced to await the result of an immediate trial. A jury was sworn, evidence taken and a verdict of guilty rendered. Sentence had barely been passed on the negroes when a mob swarmed the court room and seizing the prisoners rushed them to a tree near the edge of town and hanged them, firing volley after volley into their bodies as they were lowered from the earth. Troops had been ordered to scene, but arrived too late to prevent the lynching.

FOOT AND MOUTH DISEASE.

One Hundred Cases Found in Wayne
County, Michigan.

Detroit, Mich., Nov. 24.—Three federal government officials and three members of the Michigan live-stock sanitary commission spent eight hours to day visiting farms in the vicinity of Ellen and Livonia townships, Wayne county, about twenty miles west of Detroit and diagnosed the unmistakable cases of foot and mouth disease.

After a conference of Secretary of Agriculture Wilson and Chief Melvin of the bureau of animal industry with state officials to night a quarantine was ordered against Michigan cattle similar to that enforced in Pennsylvania and New York.

LAMPHERE TRIAL.

Taking of Testimony Concluded—
May Go to Jury To Day.

Laporte, Ind., Nov. 24.—The most important testimony in the Lamphere case was that of Dr. Warren Helms, professor of toxicology at Rush Medical college, Chicago, who examined the contents of the stomach said to have been that of Andrew Halgelein and three stomachs contained in the case. He found strychnine and arsenic in these three stomachs and in that of Helgelein. Dr. Helms would not say that the death of the three persons was caused by poisoning, nor that the poison came into the stomach through the mouth.

Taking of testimony was concluded to day and the case will probably go to the jury to morrow.

CUT-DOWN ESTIMATES.

House Appropriation Committee Will
Begin Lopping Off Next
Monday.

Washington, Nov. 24.—With the prospect of the second half of a two billion dollar congress reaching \$1,000,000,000, almost \$2,000,000,000 more than the current appropriation bill, the committee on appropriations will begin next Monday its work of attempting to cut down estimates, submitted by the secretary of the treasury, in one half.

Chairman Tawney plans to conclude hearing on this bill before congress convenes, Dec. 7, and to have the measure passed by the house before the Christmas holidays. He hopes in addition to make such progress that hearing on the District of Columbia bill also may be concluded in time to allow the house to consider and pass it before Christmas. As the original estimates for the District of Columbia reach \$1,000,000,000, almost \$2,000,000,000 more than the current appropriation, a prolonged fight is anticipated on this measure.

President Castro Goes to Secure
Physical Relief—Excitement
Prevails at Caracas.

Caracas, Nov. 23, via Willemstad, Nov. 24.—President Castro will sail to morrow from La Guaira on the steamer Guadeloupe for Bordeaux for the purpose of undergoing an operation for an abscess of the kidneys at the hands of a specialist of Berlin. The operation will be performed immediately on Castro's arrival at Bordeaux. Should the operation be successful the president will visit Paris, where he will rest for a few days only, as he wishes to return to Caracas at as early a date as possible. Three of the leading Venezuelan physicians will accompany the president and several members of his immediate family.

The greatest excitement prevails at Caracas and political intrigues are already being commenced. It is thought that the departure of Castro may open the road for settlement of the Holland, American and French disputes. Vice-President Gomez, vice president, will assume the presidency. Especially interesting is Castro's departure because of the embarrassment which it will cause to the plans of the trans-shipment decree, which Castro has refused to do peacefully. If Holland should send a confidential agent, as suggested by Castro in his answer to Holland's demands, that functionary may find no Castro with whom to deal.

ELECTED SENATOR

Iowa Legislature Sends Cummins to
United States Senate—Ejects
Garst Governor.

Des Moines, Iowa, Nov. 24.—The legislature in special session elected A. B. Cummins senator to fill the unexpired term of the late Senator Allison. Also elected Warren Garst governor for the unexpired term of Cummins.

Following the election of Cummins to the senate by 109 to 35, Lieutenant Governor Garst was duly inaugurated and assumed the reign of office immediately.

While Senator Cummins' speech was a plea for harmony and for the eradication of factional differences in Iowa, he was none the less specific on questions which have engaged his attention during his past career. Speaking of his attitude he pledged himself to fight a quarantined revision; declared himself unalterably opposed to discrimination in the matter of freight rates and condemned stock watering and other abuses of powerful corporations.

A reception, at which thousands attended, was held in the rotunda of the capital building this evening. Garst and Cummins stood in line for more than two hours receiving congratulations of Iowans.

FARMER TRIES TO END LIFE.

Jacob Schwab of Near Litchfield,
Sends Bullet Through Head.

Litchfield, Ill., Nov. 24.—Jacob Schwab of near this city, who attempted to commit suicide by shooting himself at an early hour Sunday morning is at St. Francis hospital in a precarious condition. While the bullet passed through the right eye, the attending physician says he has a chance of recovering, although his eyesight is said to be entirely destroyed.

Schwab is a farmer residing four miles north of this city. He is 30 years of age and said to have been very successful.

LEFT BABY AT HOME.

Urbana, Ill., Nov. 24.—Because James Powers, a University of Illinois law student, and his wife went to a football game and left the baby alone, neighbors caused the arrest of the couple. Their being arrested was the cause of a quarrel through which the neighbors state that cries of the baby became so fierce they had to interfere.

HUNTERS ARE SENTENCED.

Peoria, Ill., Nov. 24.—Joseph and William Webb, father and son, were to day sentenced to sixty days in the workhouse by Judge Humphrey of the federal court for violating an injunction against hunting on the property of the Thompson Lake Rod and Gun Club.

FELLER OF OIL EARNINGS.

Question Brought Out During Testi-
mony in Federal Suit—Information
Given by Archbold—Tried to Beat
Comptroller.

New York, Nov. 24.—Closing his testimony to day in the federal suit to dissolve the Standard Oil company John D. Rockefeller threw some unexpected light on the popular question of into which channels of investment he turned his tremendous earnings from the oil combination. Rockefeller was sought to state the names of the railroads in which his investments were made, but did so after entering his objection.

The head of the so-called oil trust declared his holdings in railroads consisted chiefly in bonds and that, with the exception of a few roads in which he held only small amounts of stocks, he preferred bonds as a form of investment. A list of investments were made, but did so after entering his objection.

LETTER THIEF SENTENCED.

Robert Palmer Must Serve Three and
Half Years in Prison.

Chicago, Nov. 24.—The most severe sentence ever given by a federal court in Chicago to a letter thief was meted out to day to Robert P. Palmer. Palmer, who was president of the City Letter Carriers' association of Illinois, and superintendent of a Sunday school at Joliet, Ill., admitted that he had been pilfering money from letters entrusted to him during the last seventeen years. He pleaded guilty, and despite pleas for leniency entered by a banker, two state senators and other prominent friends, was sentenced to three and one-half years in the penitentiary.

FORAKER AND DICK.

Confer With Governor Harris Over
Ohio Senatorship.

Columbus, Ohio, Nov. 24.—Senators Foraker and Dick to day conferred at length with Governor Harris over the vacancy in the senate to be caused by the expiration in March of Foraker's term. The senators were closeted with the governor for several hours. Foraker, a candidate of Charles P. Taft of Cleveland. This afternoon Foraker and Dick addressed a gathering of wool growers and dealers interested in the wool business and both took attitude against revision of the tariff.

TRACTION MERGER PLAN.

Chicago, Nov. 24.—John H. Spoor and Henry A. Blair, Chicago capitalists, left to day to confer with J. Pierpont Morgan in New York. They are said to have discussed the contemplated merger of Chicago's elevated and surface lines. They are expected to place before Morgan a statement of the plan and a preliminary meeting in Chicago.

FISHING CHARGED.

Ill., Nov. 24.—Jacob Smith was arrested at Bath this morning and placed in the county jail at Havana, where he will be held until brought before a judge to answer to a charge of illegal fishing. This is only an incident of the never ending quarrel between the man who controls the land bordering the Illinois river and those who make a business of fishing in the river and some of the tributary lakes.

FOR NEW EQUIPMENT.

THE TRUTH ABOUT KIDNEY TROUBLE

(SEDIMENT.)

Sediment that can be seen with the unaided eye is not usually an evidence of a serious stage of kidney disease. Neither is a smoky appearance of the eliminations. Both of these symptoms are often found in people who are otherwise well, and they commonly disappear with the exciting cause if the patient within a week or two of its discovery will diet, avoid colds and live carefully.

There are times in the lives of nearly all of us in which these symptoms have appeared and disappeared. If, however, they persist it should be given thoughtful consideration in view of the declarations of medical writers that about the sixth month inflammation of the kidneys becomes chronic and is then incurable. The text books having no treatment that will allay inflammation of the kidneys, physicians prescribe a diet, and possibly an eliminant, and if early enough it is quite likely to be effective to aid nature to throw off the inflammation in about 87 per cent of the cases in all stages.

As the inflammation more readily yields the first few weeks of the formative period it is good judgment not to delay. If it has been unconsciously developing for some time and is in that chronic stage, there is nothing that will help at all except routine renal treatment, and then the recovery will be slow.

STRUGGLING THROUGH MISSOURI MUD

Jacksonville Automobile Made Good Progress Tuesday Against Heavy Odds—Party Spent Night at Queen City—Expect to Eat Turkey at Home.

(By Frank Byrns.)

Queen City, Mo., Nov. 24.—(Special to the Journal.)—Before leaving Centerville, Iowa, we purchased a few pairs of rubber boots, expecting to have use for same, which we certainly have. While buying the boots we ran across a merchant, John Young, who married Miss Kate Myers of Jacksonville. We would have bought all our boots from him had we known, in time, that we would come in touch with some one so closely related to our lovely city. The hills of yesterday would look like ant hills compared with those encountered today. Thanks to the good car "red devil" and the good judgment of Mr. Farrell "we put them to the mat and took the count."

Eight miles from Centerville we encountered the largest hill and the mud was something terrible. We worked with a spade which we borrowed from a good farmer and we dug ourselves out. If there is 300 yards of level road between Centerville and Moulton we failed to find it. We arrived at Moulton at 1:25 this afternoon, having encountered nine miles of bad roads. We started for Coatesville, a town twelve miles away and encountered the same kind of roads. It took two looks to see the top of some of the hills. We arrived in Coatesville at 4:10 and then pushed on six and one-half miles to Glenwood, arriving there at 5:20 o'clock. Then we went on to Queen City, a distance of seven and one-half miles and found the roads somewhat better, although the fellows at home would consider them impassable. Mark has been at the wheel all day and Farrell acted as pilot all day, until dark, when he turned his duties over to Huffaker, who knows every foot of ground in northern Missouri. Our loved ones at home need feel no concern for we are promised better roads tomorrow and with the aid of Huffaker's knowledge we expect to reach home in time to eat turkey in Jacksonville, the best city we know, and we have seen a few.

FOUR ECLIPSES IN 1909.

Two or Three Will be Visible Throughout This County—Total Observation.

Next year there will be four eclipses. Two of these, a total obscuration of the sun and a total lunar eclipse, will be visible in the United States.

1. A total eclipse of the moon, June 3. Visible to South America and Africa, and in part to North America, Europe and Southwestern Asia.

2. A total eclipse of the sun, June 17. Visible to North America as far south as a line drawn from San Francisco to the mouth of the Rio Grande river, and from the northern and eastern portions of Asia.

3. A total eclipse of the moon November 26-27. Visible to North America and the Atlantic and Pacific oceans, and in part to South America, the extreme western portions of Europe and Africa and the eastern portions of Asia and Australia.

4. A partial eclipse of the sun, December 12-13. Invisible to the United States. Visible to the southeastern tip of Australia, the southern portion of New Zealand, and the southern Polar regions.

NO VACANCIES IN SIGHT.

For the benefit of several young gentlemen who have been casting longing eyes toward the tellers' stations in the Jacksonville National bank on account of their inability to land coveted matrimonial prizes, the Journal will say it is not authorized to say that though matrimony seems to have been somewhat the fashion among those young men the past year there are no vacancies in sight. The motives of the unmarried young men who have sought the positions they occupy in the bank will not be questioned, though if they thought it would improve their marital prospects to have a place in that institution it is nothing detrimental to them.

CARTHAGE COMES HERE THURSDAY

Jacksonville High School Will Lineup Against Carthage Eleven for Football Honors—Alumni and Reserves Will Play at 1:30.

The Regulars and Reserves enjoyed their last scrimmage practice for the season yesterday evening. To night both teams will be given light signal practice, but last night's workout practically closed the season's practice.

The entire squad is in excellent physical condition, notwithstanding the fact that they played one of the fastest games of their schedule last Saturday. Largely due to the open style of play used by both teams, our boys came out of the game with Taylorville without a scratch. Rodgers will be in shape to go in at guard in the game Thanksgiving and his experience will decidedly strengthen the left side of the line. Carter played a nifty game at guard last Saturday, but his inexperience, especially at the first of the game, threatened to prove costly, but in the second half he redeemed himself splendidly.

The same team that defeated Taylorville will probably start the game against Carthage with the exception of Carter and possibly Tremblitt, who may be displaced by Young, who gets down under punts more rapidly and receives forward passes in somewhat better form. Their showing in to night's signal practice will determine which starts the game.

The Athletic association met at noon yesterday and decided to place tickets for the game on sale at Gilbert's Pharmacy and Ledford's book store for 25 cents until Thursday noon. The gate admission, for those who do not secure tickets in advance, will be 35 cents.

An amusing feature of the afternoon's program will be the game between the Alumni and the Reserves, which will be called at 1:30 o'clock. A number of former high school stars will represent the Alumni.

Ladies' fur scarfs, muffs. Special sale Friday and Saturday of this week. Frank Byrns' Hat Store.

"THE TRUST BUSTERS COMING."

There is something real good coming to our city Thanksgiving matinee and night. The jolliest, funniest, most laughable comedy ever written, "THE TRUST BUSTERS." It is funnier than a circus, and that is what other people say who have seen it, because it is full of happy moments. Something doing all the time from rise of curtain to finish. The best comedians, the greatest dancers, sweet singers, newest novelties, noisy specialties can be seen in "THE TRUST BUSTERS." The entire production is clean, clever, refined. Two and a half hours of solid fun and many pleasing surprises. Bring the children, fetch grandma and grandpa. It will make them healthy and happy, laughing for weeks after they have seen "THE TRUST BUSTERS." If you have cares or the blues, or your business goes wrong the big fun in "THE TRUST BUSTERS" will force you to forget your troubles. When you see it once you will like it so well you will want to see it over again. You can laugh until you cry, you can cry until you—well feel foolish about it. It has made millions of people laugh. Many inquiries have been made when tickets go on sale.

Fire Protection

Time means more than water in fighting a fire. It takes time to get the fire department out. It takes time for them to make connections and get pressure, even when everything works smoothly. That time often means the difference between a very slight damage and a total loss.

Chemical Extinguishers are instantaneous. Turn the Extinguisher bottom up, and in ten seconds you have a stream that will reach 50 feet, will drive in between floors and ceilings and put out a fire when you could not reach it with a stream of water.

It is always ready for use. A woman or a child can handle it, and the enormous damage often done by water is entirely avoided. The cost is small, and comes but once in a life time. Every home, every place of business should have them.

MATRIMONIAL RECORD

Magner-Lochhart.
 An early wedding took place Tuesday morning at St. Luke's Roman Catholic church in Virginia, when John Magner of this city and Miss Ella Lochhart of Litchfield were wedded at 5:30 o'clock. The wedding was a quiet affair, only a small number of the immediate family and friends being present. The groom was attended by his brother, James Magner, and the bride by her sister, Miss Bridget Lochhart. The bride was tastefully arrayed in a traveling suit and looked charming. As soon as the ceremony was over the bridal party repaired to the home of the bride's parents, Mr. and Mrs. John Lochhart, where a sumptuous wedding breakfast was served and much enjoyed by all. Mr. and Mrs. Magner proceeded to Chicago on a wedding trip, after which they will return to Jacksonville and begin housekeeping in a home which will be ready for them.

The groom is a son of T. W. Magner, well known in this city, and is an upright, industrious young man. He is a valued clerk in the grocery of Schmalz Bros., where he has been for a long time. The bride is the attractive daughter of John Lochhart and is a young lady of many graces and accomplishments. They have the congratulations and good wishes of many friends.

Vannier-Richey.
 Mr. Arthur Vannier and Miss Mabel Richey, both of this city, were united in marriage Tuesday evening at 4 o'clock at the residence recently purchased by the groom, 603 Jordan street. Rev. Russell F. Thrapp, pastor of the Central Christian church, officiating, the ceremony being witnessed by only the immediate relatives and friends of the contracting parties.

Both parties are well known in Jacksonville. The bride is the daughter of Mrs. L. M. Richey and for a number of years has held a position of high trust at Hoffman Bros. The groom is the son of Mr. and Mrs. Harry Vannier of Newberryville and is a teller in the Jacksonville National bank. Their value as residents is strongly attested by the friends they possess and all will wish them prosperity and happiness in their wedded life. They were the recipients of a number of handsome presents.

Mr. and Mrs. Vannier left over the Wabash at 5:15 for Quincy and after a short visit from the city they will return to their newly furnished home.

Miss Alice Mathis played the wedding march.

Among the out of town guests present at the wedding were Mr. and Mrs. Henry Vannier and daughter, Mr. and Mrs. Richard Vannier and daughter, Little, all of Newberryville; Mr. Howard McCullough of Riggston; Mr. and Mrs. Owen Hamilton of Chapin and Mr. and Mrs. Crum of Litchfield.

Spratt-Mann.
 Word was received in the city last night that Otto Spratt of 4367 Market street, St. Louis, and Minnie Mann of this city were licensed to marry in St. Louis yesterday.

HARRY BERTÉ SIGNS THREE NEW PLAYERS

Jacksonville Club Will Be Strengthened for Coming Season—Kinsella of Springfield Draft Pitcher Patrick—Other Ball Notes.

L. R. Fosgate, president of the local baseball association, received a letter from Manager Berté, enclosing the contracts for three new players for next year. C. Morganthale is an outfielder who hails from Dayton, Ohio; James Upton, a left-hand pitcher, and Bruce Hayes, an outfielder from New Orleans, La. All the men are touted as great diamond performers and Manager Berté speaks in highest terms of their ability. Upton is a noted southpaw and no doubt will be a big man in the Central. Hayes is from the Southern Michigan league and last year hit .283 in 60 games. Manager Berté has the line for several new players and the season will open with a good list to pick from.

Galesburg Can't Say.
 President Holland of the Galesburg team is unable to say whether he can join the Central association until after the Illinois-Missouri league meeting at Macomb, Dec. 3. It is not probably that President Justice will receive any definite answers from either Galesburg or Hannibal until after the meeting and he does not in any way wish to act unwisely.

Jacksonville Men Drafted.
 Richard F. Kinsella of Springfield, Ill., has received word from the national baseball commission that his drafts for five players from smaller leagues have been honored and that these men will report to him next spring. Six drafts had been sent in, but some one beat him to one of the players.

The new players include three outfielders, one infielder and a pitcher, as follows: Streater, of the Tecumseh team of the Michigan league; Barnes, Kalamazoo, same league; Callahan of the O. P. league, all outfielders; Pitcher Jackson of the Jacksonville club of the Central league; Malone, second baseman of the Jacksonville club, was sent for but did not come, as he has been hitched to the Atlanta team of the Southern league.

Aurora Wants to Join.
 It is reported, on good authority, that Aurora would like to join the Central association. The city is a great ball place, and, being near Chicago, would be able to put in the field a fine class of players that would be a great drawing card over the league.

Kewanee Seeks Manager.
 Kewanee Star-Courier: The manager question is becoming desperate. While it is the general opinion of those on the inside that William Connors, of Bloomington, is the right man for the place, yet he does not seem active in the way of sending satisfactory terms. If he gives any kind of an offer he will be named at a moment's notice at a meeting of the directors.

Oysters, celery, etc. Charles Fitch.

FUNERALS

Taylor.
 The funeral services of Lewis Taylor were conducted Tuesday afternoon at 2:30 o'clock from the residence, 838 Doolin avenue, in charge of Rev. Russell F. Thrapp of the Central Christian church. Suitable music was furnished by Mrs. Wallace Brockman, Miss Cora Graham, W. J. Moore and W. W. Gilham. The many beautiful flowers were cared for by Mrs. Samuel Feinstemaker, Mrs. Arthur Cobb and Mrs. A. A. Wyatt. The remains were interred in Jacksonville cemetery and the bearers were Arthur Taylor, Edward Taylor, Spencer Taylor, Wilbur Taylor and Earl Taylor, all nephews of the deceased and Leslie Barrett.

Black Lands in Texas

\$8 to \$21 Per Acre

I have an especially fine proposition in Texas Gulf Coast lands at from \$8 to \$21 per acre, on easy terms.

Rich and fertile black soil, with just enough sand to work well.

Specially adapted to corn and wheat, but fine for crops worth more money.

Rainfall has averaged 30 inches for the past twenty years.

In the arid belt, with inexhaustible shallow wells. Domestic water as good as can be found anywhere. Climate better than Southern California.

**Bilious People
Try It Free**

Do not ignore the "little disorders" of the system. The liver, for example, is a particularly needful little organ, but must be active to be of any use. When it is active it creates gastric juices that help to make digestion perfect, and then you are well. When it is not active it becomes what is known as "torpid," and promptly produces biliousness.

There is no better cure for biliousness or any of the symptoms of liver trouble than Dr. Caldwell's Syrup Pepsin, the wonderful laxative tonic of which so much praise is heard. It is pleasant to take (unlike pills and powders and such things) and acts very gently, moving the bowels without griping, toning the stomach and arousing the liver to activity, thus scientifically curing such conditions as biliousness, torpid liver, foul breath, salivary or pimply complexion, sick headache, constipation, loss of appetite, indigestion, stomach nervousness, etc., all of which are due to a slow liver.

Mack Clark, of Burlington, Ky., suffered for five years from biliousness and cured himself with Dr. Caldwell's Syrup Pepsin. Noah E. Hatfield, of Zolma, Mo., found it the best medicine in the world for his biliousness.

You can buy a 50-cent or \$1 bottle of any druggist, for they all sell it. You can buy it with the understanding that if it fails to cure you the money will be refunded. This remedy is guaranteed. However, if you would rather try it without expense before buying, send your name to the doctor and a free sample bottle will be sent to your home. Use it and if you find the remedy helps you, buy a regular bottle of your druggist. We will rest on the verdict of what this sample does.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. E. Caldwell, 608 Caldwell bldg., Monticello, Ill.

CHURCHES HONOR NEW MEMBERS

Central Christian Church and First Baptist Church Give Cordial Welcome to Recent Recruits.

Central Christian Church.

One of the largest, if not the largest reception, ever held for new members took place last night at the Central Christian church. Each new member was given a white tag with name on one side and picture of the church on the other side. All the old members wore pink and so everyone was saved the trouble of asking which. A thousand tags had been made and all but forty were used.

Music was a principal feature of the evening's entertainment. There was a solo by Percy Jenkins, a duet by Misses Alice Mathews and Ruth Duncan and a vocal solo by Mrs. Roberts. The Sunday school orchestra was on hand and their playing, together with the other musical numbers was greatly enjoyed. Although the crowd was large, everyone seemed to get about and meet the other person and seldom has such sociability been manifested among the members. It was a great time indeed.

Refreshments of a substantial character were served in the dining room and the only regret was the hour of departure came all too soon.

At First Baptist Church.

Between 400 and 500 people were present at the First Baptist church last night, the occasion being converts' night. The gathering was held in the basement of the church and the following program was given:

Vocal solo—Miss Eloise Smith.
Recitation—Miss Anna Long.
Reading—Miss Hattie Long.
Vocal solo—Miss Nina Obermeyer.
Vocal solo—Miss Eloise Smith.

After the program a social hour was enjoyed. All the new members wore white tags. On one side was written "My name is" and on the other side, "Reception to new members, Baptist church, Jacksonville, Ill." All the old members wore yellow tickets, which were neatly printed. The Misses Long looked after the tags and the Ladies' Aid society formed a committee of one to see that everything moved along nicely. Mrs. W. T. Spire was in charge of the kitchen and the delightful refreshments served brought to a close an evening of good cheer.

SHOW PLEASED PATRONS.

Pronounced the Best That Has Been Seen at the Local Play House This Season.

The attraction at the Grand Opera house last night was "The Wolf," a melodrama of the Hudson Bay Country in three acts, presented under the stage direction of J. C. Huffman and management of Sam S. and Lee Shubert.

There was only a medium house present, but the merits of the play demanded every seat filled. It was, by far, the best attraction at the opera house this year.

Jules Deaubien, the part played by Augustus Phillips, was splendidly done and that of Alice Baxter, who took the part of Hilda McTavish, was cleverly presented. Harry Nainhall as George Huntley, was also a meritorious character. In fact there was not a weak character in the whole show and this, together with the elaborate stage scenery, especially that of the last scene was a delight to all. After every act the curtain was compelled to raise.

The next attraction will be the "Crust Busters" on Thanksgiving Day.

DAILY PROMOTED

Will Become Head of the Traffic Department of the New York Central Line—Burlington Railroad Announces Through Train to Portland Ore.

Circulars issued yesterday by W. H. Newman, president of the New York Central lines, announce the appointment of Charles Frederick Daly, a former Chicago man, as vice president in charge of traffic of the entire system. The appointment becomes effective to day.

Mr. Daly for nearly two years has been vice president in charge of the passenger department, with offices at New York, and is known to Chicago railroad officials through his long service there as passenger traffic manager of the Lake Shore and Michigan Southern.

His present appointment is an important promotion, which places him in complete charge of the entire traffic department, including freight, passenger, mail and express of the New York Central lines both east and west of Buffalo.

Began Career as Clerk.

Mr. Daly was born July 6, 1865, at Canton, Ill., and entered the railroad service in 1878 as a telegraph operator and ticket clerk of the Chicago, Burlington and Quincy road. He was employed as passenger and ticket agent of this road at several points and clerk in the general passenger office of the road at Omaha until November, 1888. He was then appointed chief clerk to the general passenger and ticket agent of the Lake Erie and Western. While with this line he was successively assistant general passenger agent and general passenger agent until March, 1902, when he was made chief assistant general passenger agent of the Lake Shore and Michigan Southern railway at Chicago.

From that time on his rise in the passenger department was rapid. From February to Dec. 1, 1905, he was passenger traffic manager of that road as well as the Michigan Central and Lake Erie and Western. On Dec. 1, 1905, he received his appointment as passenger traffic manager of the New York Central lines east of Buffalo, including the Boston and Albany and the West Shore roads. From December, 1906, until his present promotion he has been vice president of the passenger traffic department of the lines both east and west of Buffalo.

Through Pacific Service Planned.

Through trains between Chicago and Portland, Ore., are promised by the Chicago, Burlington and Quincy railway shortly after the completion of the Spokane, Portland and Seattle railway, the new line being built jointly by the Northern Pacific and Great Northern roads to connect Portland and Seattle. This route will be opened for traffic in about sixty days and the through service will be installed in the spring.

The new line is said to be one of the finest pieces of railroad construction in the country, having been built on a water grade along the north bank of the Columbia river with practically no curves.

Burlington officials state that the possibilities for fast running presented by the new road will enable a material reduction of present schedules between Chicago and Portland.

Water Scarce in New Berlin.

On account of the scarcity of water the Wabash, whose reservoir in New Berlin has been dry for some time, has been getting a supply from Springfield, but as Springfield's supply was getting low the city refused to sell them any more. Then the Wabash equipped a train of steel tank cars, which made its first trip yesterday, hauling water from the Wabash pumping station at Valley City.

Don't buy a stove or range until you have seen our line. Graham Hardware Co.

WOMAN HUSKING CORN.

A gentleman remarked yesterday that he saw an unusual sight a short time since. There were two wagons in a field of corn, one in charge of a man who was husking in the grain all right and another in charge of a woman, who was also husking and evidently keeping up with the man. While, of course, it is solely the business of each family, nevertheless, it does look a little hard, to say the least, in this day and generation to see a woman husking corn in that manner.

Chicago Grain Market.

Chicago, Nov. 24.—Wheat—Opened weak, ¾¢ lower, became still weaker the first part of the session, but rallied the final hour and closed firm, although December was ¼¢ lower.

Corn—Weak, owing partly to slump in wheat, but chiefly to increased receipts and falling off in shipping demand. Trade at sample tables was dull.

Oats—Trade dull. Sentiment a trifle bearish owing to weakness in wheat and corn. Cash grain concerns were moderate sellers all day.

Receipts, tons: Flour, 11,000; Wheat, 32,000; Corn, 57,000; Oats, 48,000; Barley, 2,000; Rye, 1,000; Buckwheat, 1,000.

ILLINOIS COLLEGE CLUB.

Held Their Annual Thanksgiving Dinner Yesterday.

The Illinois College club held their Thanksgiving dinner yesterday in the club rooms at the college. Among the visitors at the dinner was President Rammelkamp. The dinner was held yesterday to accommodate the students who are going home to spend Thanksgiving.

The menu consisted of turkey, scalloped oysters, salmon salad, celery, peach pickles, tomato pickles, ham, turkey dressing, potatoes, gravy, cranberries, pumpkin and mince pies, cake and fruits.

Much credit for the success of the dinner is due to the management of Mrs. Shumaker, who has had charge of the club house for nine years.

DEATH RECORD

Dyer.
Harry C. Dyer died at 2 o'clock Tuesday morning, Nov. 24, at the home of his father north of the city.

He was the only son of Mr. and Mrs. A. A. Dyer and was born April 9, 1881. He was 27 years, 7 months and 15 days of age.

He was an exceptional young man and a very patient sufferer during his illness, which lasted over a year. He was conscious until the last.

Besides his father and mother he leaves six sisters, Mrs. Harold Elliott, Stella, Laura, Cressa, Alleen and Beulah and many friends to mourn his loss.

Funeral services will be held at Ebenezer church Thursday, Nov. 26, at 1 o'clock and interment will be made in the cemetery adjoining the church.

Stocks.

Mrs. Catherine Swain of Route street is in receipt of a telegram announcing the death Saturday of her sister, Mrs. Annie Elizabeth Stocker, at the family home in Carthage, Mo., at the age of 67 years. The lady was at one time a resident of Morgan county.

Fresh tomatoes, head lettuce, cucumbers, celery, dressed turkeys, ducks and chickens. Sherry & Taylor.

REMARKABLE BIRTH RECORD.

Judging from the birth record of the little town of Quiver, in Mason county, one would not count race suicide as an immediate danger threatening that community. The announcement last week of the birth of twins at the home of Mr. and Mrs. Carl Tempex, makes the twenty-first pair of twins born in that little village of about 500 souls during the past half century. The record is all the more remarkable in the fact that in the same time there have been born three sets of triplets and one of quadruplets in that favored community.

SUNDAY GUESTS

(Continued from Page One.)

Charles Black decided that he could not longer be away from his family and joined me. As we left the hotel the last words we heard were inquiries on the part of Luttrell and Byrns as to the price of rubber boots in wholesale lots and doubtless the boys were all supplied before the departure from Centerville was made. I stood on the back platform of the electric car and waved a farewell to Felix, who stood looking out of the big plate glass window in the office of the Continental hotel and playing around his face was a smile of the kind that won't come off. Felix has confidence in his car and if he can get through the mud and hills of Iowa after the soaking rain on Monday and Monday night, he can go anywhere with confidence in his Pierce Great Arrow.

Mr. Baueroff and Mr. Black arrived home on the Washburn evening train, coming from Keokuk. A call was made on President Justice of the Central Baseball association at Keokuk and Mr. Justice stated that Galesburg was making a strong bid for the place of Oskaloosa and that the fans had agreed to guarantee an attendance of 30,000 if given the franchise.

Friday and Saturday of this week Mr. A. W. James, the well known fur salesman, will have his complete sample line of ladies' fur scarfs, muffs and jackets on sale at FRANK BYRNS' hat store. This in addition to the large stock shown by Frank Byrns at all times will enable a lady to find just the style she wants.

PEANUT SOCIAL

Members of Class of 1909 of Whipple Academy Gathered at Home of Mr. and Mrs. C. A. Barnes Tuesday Night.

An evening of rare pleasure was enjoyed last night by the members of the class of 1909 of Whipple Academy at home of Mr. and Mrs. Charles A. Barnes on West College avenue.

The gathering was in the nature of a peanut party, and the invitations sent out were enclosed in peanut shells, tied with the class colors, orange and black. Prizes were offered in the peanut contest, the first being won by Miss Genevieve Clark and Asa McDonald. The next contest was to see how many words could be made out of the word "peanut." Miss Violet Mulkey compiled forty-two words and was given first prize, and L. V. Irwin second, with thirty-nine words. Each guest's fortune was within a peanut shell, the boys tied in black ribbon and the girls in orange, and as each one was received the same was read before the crowd which afforded no little amusement. The prizes in the donkey party contest were won respectively, by Miss Leona Miller and Frank Paton.

Aside from the students Dr. F. S. Hayden, the class officer, and his wife were present, also Mrs. Felix Farrell, who assisted in the entertainment.

The class numbers twenty-six, the largest for some time in the Academy, and all were present last night. Asa McDonald is the class president.

CONSIDERING INDEPENDENT TICKET.

A meeting of a number of citizens was held Tuesday afternoon in the office of L. O. Vaughn to consider the matter of an independent ticket in the spring election. No definite steps were taken, but the campaign and its possibilities were discussed at length. It is likely that an independent ticket will be put in the field including candidates for the various city officers and for aldermen.
